Rejection under 35 USC 102

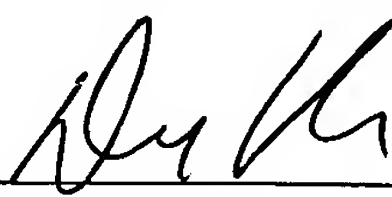

The patent office rejected claims 6-10, 17, and 24 under 35 USC 102(b) based on the assertion that the Miner reference teaches isolated mouse laminin heterotrimers. The Applicants traverse this rejection, but have nonetheless amended the claims to obviate the rejection. Thus, the Applicant respectfully requests reconsideration and withdrawal of this rejection.

Based on the above, the Applicants believe that the application is in condition for allowance. If the Examiner believes that an interview would accelerate prosecution of the Application, she is invited to contact the below-signed attorney.

Respectfully submitted,
